JOHN WITTMAN THE TAILOR

MISS ROSE OWENS, WASHINGTON, D. C.

No. 720 Seventeenth St.,

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be popular. About a year ago I began to have a worn out feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to take Wine of Cardui, she made a wise choice. Over a million women have taken Wine of Cardui. It is not a medicine but may be taken every day. It does not force results, but it gives tone to the bodily functions, corrects derangements of the menstrual system, gives tone to the genital system, acts directly on the organs, and is the men known to the

If you are a suffering woman we would say to you that Wine of Cardui seldom fails to completely cure any case of female ills. We say emphatically, it never fails to benefit. Every day hundreds of sufferers are writing to our Ladies' Advisory Department. The letters are opened by persons competent to give advice. Mrs. Jones was cured by following the advice which was freely given by the Ladies' Advisory Department. Miss Owens was cured without delay by just buying a \$1.00 bottle of Wine of Cardui from her druggist and taking it as directed in the privacy of her home. No doctor's examination or treatment or advice is necessary. We have read what these two cured women have written. Is this not enough to have written. Is this not rid of suffering you to determine to be

August 13, 1903. Mrs. W. H. Jones, of Cameron, Mo., writes: "I suffered terribly for three years. I was monthly periods seven months with no relief. I have my health back at all. Now expecting to be confined again and cannot praise your medicine enough."

SMITH HAS HIS SAY

Makes Public His Reply to Charges of Tulloch.

GIVES THREE POINTS

They Are Designated as Exhibits A, B and C and Deal With a Number of Matters in Connection With Affair.

Philadelphia, June 27.—Charles Emory Smith, who was succeeded as postmaster general by Mr. Payne, has made public his reply to the charges made by Mr. Tulloch in connection with the postoffice investigation.

Mr. Smith says in part: "In view of the partial publication of the letter of Fourth Assistant Postmaster General Bristow of the so-called Tulloch charges and the accompanying reports of inspectors made to him in 1899 and 1900 I deem it incumbent on me for a right public understanding to make a further statement, supplementary to my letter of May 27, and to present the papers in their proper relation."

"Appended to this letter, and to be treated as part of it, will be found, first, a complete copy, marked exhibit 'A,' of the itemized statement of the Tulloch charges, as submitted to me at the time they were made."

"Second, in parallel column, a complete copy, except as indicated in the text, marked exhibit B, of the confidential report of the inspector in charge Smith, which is the main document accompanying General Bristow's letter; third, a complete copy marked exhibit C, of the report which came as a result of the examination made when the Tulloch charges were submitted, and which embodies the answer and the explanation of the transactions referred to."

"It will be seen that the Tulloch statement and the inspector's report are practically identical. It is as if they were written by the same hand. The Tulloch statement was submitted to me. The inspector's report was submitted to the fourth assistant. It was the business of the inspector to find whatever seemed to call for explanation; it was left to the postmaster general to find the explanation and the truth."

"This was done by probing the Tulloch statement when it was presented. All of the transactions described as irregular were examined, and a report was made to me which took them up item by item and groups of items, and gave the facts and the explanations in each case."

"These main points may be thus summed up, each in a sentence: First, names of military postal clerks were put on the general roll until the military appropriation became available, then they were transferred to the military roll. Second, the bond premiums of military postal clerks were paid for good reasons, which are plainly set forth and which had the approval of the comptroller. Third, the purchases of Porto Rico supplies were made from the regular contract prices. Fourth, the vouchers for expenses of department officials traveling on official business were made as required by the auditor. Fifth, the lease of the Washington postoffice was shown to be entirely justified."

"Sixth, the apparently double payment of those employed in examining letter claims is fully explained."

"When the charges of irregularity were made, my duty was plain. It was to have them examined and, if there were irregularities, to have them corrected. This is exactly what was done."

Mr. Smith concludes by saying that the war against Spain made it his duty to immediately provide for the distribution of letters for the scattered army of a quarter of a million men. There were no known precedents in such an undertaking."

There was no special appropriation and he had to meet the requirements out of the regular appropriation. Afterwards, when the special appropriation became available, he had to re-conquer the general appropriation in order that the regular service might not suffer. These things were effected in part through the Washington office and orders were given which subordinate officials neither did nor were required to understand and out of it has grown a vast deal of unnecessary misunderstanding."

GONE ON A TOUR.

Two Hundred Immigration Representatives Are Traveling in Arkansas.

St. Louis, June 27.—Two hundred representatives of the passenger and immigration department of the Missouri Pacific railway left here for a tour over the Gould lines in Arkansas. The members of the party are traveling as the guests of the Little Rock board of trade. The tour will include a trip from Newport to Mount Olive, Ark., the present terminus of the Gould line, now building from Webb City, Kan., to Memphis. Before their departure the visitors were given a most enjoyable banquet at the Southern hotel.

The meeting was for the purpose of discussing ways and means of exploiting the resources and advantages of the vast and fertile farming sections in the southwest reached by the lines of the Gould system. A permanent organization, to induce immigration to this section, and to advance its settlement, was effected. The delegates to the convention embraced passenger and immigration agents from all of the states in the southwest.

MAD MOLLAH VICTOR

He Is Reported to Have Captured Five British Posts.

OFFICERS ARE SLAIN.

At Last Accounts the Willy Abyssinian Was Threatening the Forces of King Edward and Keeping Them Uneasy.

Paris, June 27.—A dispatch from Jibuti, Abyssinia, says Mad Mollah destroyed five British posts between Burao and Bohotle, in Somaliland. Thirty-nine British officers out of forty-two white men were killed in engagements. Two thousand native soldiers were made prisoners.

A dispatch from Aden ten days ago stated the British lines of communication between Berbera and Bohotle were then threatened by the rebellious Mollah and his forces. Reinforcements comprising three companies of the Hampshire regiment and 300 native soldiers were ordered to proceed from Aden to Somaliland June 20. About 14,000 native Abyssinians have been co-operating with the British forces in their efforts to check the Mollah.

Campaign Brigadier General W. H. Manning, who was sent to Somaliland last November after the reverses suffered by Colonel Swayne, having

THE MAD MOLLAH.

proved unsuccessful, he was ordered superseded June 21 by Major General C. C. Egerson, in command of the Punjab frontier. It is reported from Aden June 23 that General Manning and Colonel Cobbe, whom it was feared had been cut off near Damot, succeeded in joining their forces and reached Bohotle in safety. Operations against the Mollah have already cost the British government more than \$2,000,000 and considerable loss of life.

The last news of the Mad Mollah was that he was hovering to the eastward of the British forces, threatening the lines between Burao and Bohotle, which were the only British means of communication with the coast. General Manning is expected to reach Bohotle with reinforcements.

The backers of the new company are said to be New York capitalists.

The French commission is headed by George Pallain, governor of the Bank of France, and included Auguste Arnaune, director of the mint; Stanislas Simon, governor of the Bank of Indochina; Andre Benachief of the accounting division of the treasury, and Professor Raphael Georges Levy.

San Francisco, June 27.—The government of the United States has made a move of great naval importance on the Bay of San Francisco site for a coaling station. It has been selected close to San Francisco at what was popularly known as California City. The officer of the navy who has approved the site on behalf of the navy department is Rear Admiral Bradford.

FREE BAPTIST MEETING.

Services Held at the Tent Morning and
Evening.

The revival services conducted by Rev. J. L. Meads at the gospel tent near the H. & T. C. depot are attracting large crowds and growing in interest. There has been one conversion since the meeting began, and a number have offered for prayer. Rev. Meads is preaching a series of strong sermons. His subject Friday night was "Son, Remember." A feature of this service was a vocal duet by Miss Fox and Rev. Meads, "Lift Now the Latch." A song service was held yesterday morning, but there was no preaching owing to the rain. The subject of last night's sermon was "There is a way that seemeth right, but the end thereof are the ways of death." Splendid music adds much to the services. One hundred copies of a new song book, "Best Hymns," have been received and were used for the first time last night. Services held every day during the week at 10 o'clock in the morning and 8:30 o'clock at night. The morning service will be held today at 11 o'clock. A cordial invitation is extended to everybody to attend the meeting.

A. C. L. Meeting.

The A. C. L. met according to appointment June 21st. After prayer and reading the minutes Percy Connelly addressed the league in an earnest, manly way on the subject, "In Unity there is Strength." His words were well chosen and full of inspiration.

New School Law

The new school law admitting children from 7 to 17 years of age in public schools goes into effect July 1. State Supt. Lefevre says it is incumbent upon all districts to admit children 7 years of age to the public schools free during the coming school year, although they are not enrolled. The fact that the law was not in force when census was taken precluded their enrollment, but when the law becomes effective they are thereby entitled to free education the same as those enrolled under former age limit of 8 to 17. In addition to admitting the 7 years' children, no public free school money will be appropriated for them, but they are to receive equal benefit with the others.

are no indications that he has
reached his limit. The Marlin

extent of his wealth, says he may
have started his library movement
to keep his riches within the
bounds of comprehension.

The industrial school for colored
people, which is to be located at
Somerville, is meeting with con-
siderable favor with both white
and colored, and work will be be-
gun on the building next week.
Several men of both races are in-
terested in the movement, and it

Caldwell and Bryan teams

large crowd attended the game. It
was soon evident that the Bryan
boys outclassed the home team, and
the score of 13 to 5 in favor of Bryan

played a nice game of ball, and alto-
gether the game was free of the ob-
jectionable features so often intro-
duced into such games. The visitors
were given a hearty invitation to re-

chance.—Caldwell News-Chronicle.

FROM SIBLEY.

Invites the Fulltest Investigation of His
Official Conduct.

New York, June 27.—The Associated
Press has received the following dis-
patch from Joseph C. Sibley of Penn-
sylvania, dated Quebec:

"Arrived here from a cruise through
the St. Lawrence. I find published in-
timations reflecting upon my official
conduct as a representative in congress.
In every instance my official actions
have reflected my highest conceptions
of public duty, and so far as I am
aware will never cause any friend of
mine either regret or sorrow. I invite
the fullest investigation of my official
conduct.

"JOSEPH C. SIBLEY."

The intimations referred to by Mr.
Sibley made it appear that he was
largely interested in a manufacturing
company which furnished supplies to
the national government.

SEVERED HIS LIVER.

Leader of Foot Racers Fatally Slashed
by Condemned Murderer.

Little Rock, Ark., June 27.—R. H.
Williams, better known as "Buck
Root" leader of the gang of foot-
racers, was attacked by James Dough-
erty in jail at Hot Springs and re-
ceived injuries that will probably re-
sult in death. Dougherty was under
sentence of death for the killing of
Detective Jack Donohue at Hot
Springs Christmas day last and has
heretofore been closely confined in his
cell. He was released from his cell,
however, and allowed freedom of the
corridor. He passed out among the
prisoners and grabbing a razor slashed
Williams across the body, severing his
liver.

SAW CORNWELL.

Missing President of Bessemer Sav-
ings Bank Was at City of Mexico.

Montgomery, Ala., June 27.—A spe-
cial to the Advertiser from Birmingham,
Ala., says: Robert Reed, traveling
auditor of the Pullman Palace Car
company, while in the City of Mexico
a week ago Thursday, met T. J. Corn-
well, the missing president of the de-
funct Bessemer Savings bank. Reed
did not know Cornwell was wanted and
in a letter to his cousin at Bessemer
said he met Cornwell on the streets,
and that the latter told him he would
leave Mexico the following day.

Practically Unchanged.

Berlin, June 27.—The result of the
election leaves the reichstag practi-
cally unchanged so far as questions
of the army, the navy and commercial
treaties are concerned, though the So-
cialists, encouraged by an enormous in-
crease in their popular vote, will prob-
ably offer stronger opposition to the
naval and military measures than ever.
The party has the moral advantage of
increasing its reichstag deputation by
twenty-three (according to their claims
by twenty-five), while no other impor-
tant party can extract comfort from the
returns.

Wilmington Quiet.

Wilmington, Del., June 27.—This city
is in its normal condition, the excite-
ment over the lynching of George White
and events following the burning hav-
ing entirely disappeared. Closing sa-
loons Friday night had a good effect.
There were no drunken brawls during
that night and the police were not
called upon to quell any disturbances.

"Doctor" Sent Up For Life.

Philadelphia, Pa., June 27.—The trial
of George P. Hossey, a negro, herb
"doctor," for the murder of William
G. Danze, has resulted in a verdict of
murder in the first degree. Hossey was
indicted with Mrs. Catherine Danze,
who is charged with administering to
her husband poison furnished by the
"doctor." She is awaiting trial.

have won if they had not been with
me." The Roos is the eleventh of
Germany's armored cruisers.

The Shakespeare Club met with Mrs. Tyler Haswell Thursday afternoon. Mrs. Haswell's resignation as president was accepted and Mrs. H. A. Burger was elected president of the club for the ensuing year. Mrs. W. S. Howell was elected critic to succeed Mrs. Berger in that position, and Mrs. Fred Pryor was elected recording secretary to succeed Mrs. Jno. B. Hines, who has moved away.

The high waters north of this city have driven hundreds of families from their homes and these have taken refuge in foothills. Mrs. William McDonald of Berlin, N. M., is among those who have taken refuge in El Paso to escape the water.

In describing the situation Mrs. McDonald said: "The high water has practically rendered homeless every resident from Mesquite and Earham south to White Spur, N. M. All along the road in the sandhills families can be seen camped, many of them with their household goods piled around them, and with no shelter. The heat of the sun in the hills is intolerable. Many alfalfa fields are ruined and many Mexican families are not only homeless, but living on short rations."

BECKHAM'S REPLY.

Governor of Kentucky Says He Has No Right to Declare Martial Law.

Frankfort, Ky., June 27.—Governor Beckham, in response to a great many requests, gave out a statement in reference to his position in the Breathitt county matter; in part as follows: After saying he had been severely criticized for not declaring martial law, he reminds the critics he has no such right, and if he did so, would be impeached.

"While I believe Judge Redwine to be an honest and capable judge, I urged him several days before his court began not to try these cases himself, but to transfer them to another county, or to allow me to appoint another judge. I feared that convictions might not be had in Breathitt county. But he took a different view of it and his conduct in the recent trials showed that he was honest and earnest in his desire to see the law enforced. He has called a special term of the Breathitt court for the further investigation of crimes committed in that county, and I believe it will be only a short time before every citizen in the county will see that the law is supreme and that there must be an end of crime."

Anxiety About Haddox.

Jackson, Ky., June 27.—There is considerable anxiety over the disappearance of Gray Haddox, who testified to seeing Crawford and Sharp, teamsters for Hargis, coming away from Ewen's hotel just before it was burned. Following an assault on the bridge one night and threats to burn him out, guards were placed around Haddox's house, but the guards have been removed and Haddox is missing. TRIO STRUNG UP.

Three Negroes Lynched at Newton, Baker County, Georgia.

Albany, Ga., June 27.—Three negroes, Garfield McCoy, George McKinney and Wiley Anette, were taken from jail at Newton, Baker county, twenty-one miles south of here, and lynched. The three men were in jail for killing F. S. Bullard, a white man, who was called in to quell a row at a negro dance, near his house, one night last week. The mob went to the jailer's house and said they had another prisoner to lodge in jail. When the jailer reached the jail door, his keys the mob rushed upon him and overpowered him. The three negroes were taken a mile from town, lashed to a tree and hanged with bullets.

Her Fought Her Fought

New York, June 27.—A desperate struggle with Lulu Miller, his step daughter, in the "Hermitage," one of the finest residences in Wallington, N. J., William Dessler shot and dangerously wounded his wife and then shot himself in the heart, causing instant death. He had been estranged from his wife for more than a year and went back, it is said, to seek a reconciliation. Dessler, after leaving his wife, opened a saloon at Guttenburg. His venture was a failure.

When he returned to his wife's house the step daughter answered his ring at the door. Dessler pushed her aside and rushed to his wife's apartments. Firing two shots at his wife Dessler then turned the pistol on himself, after having overthrown all the furniture in a desperate struggle with the girl, who had followed him up stairs and attempted to secure possession of the revolver.

WRATHY COOLIES.

Presence of Soldiers Alone Prevented Loss of Several Lives.

San Francisco, June 27.—The steamer Peru arrived from the Mexican coast, bringing the news of trouble on board the Ching Wo, the second newly established China commercial steamship line steamer, which has for its primal purpose the colonization of Mexico with Chinese. Mexican soldiers were called out to suppress an incipient riot which broke out among a horde of Chinese coolies on board the steamer at Manzanillo. The lives of the captain and officers were threatened by a mob of 850 angry Chinese, and only the presence of the soldiers prevented blood shed. Leaders of the revolt were placed under arrest.

Issues a General Order to the Soldiers of the Servian Army.

Belgrade, June 27.—King Peter issued the following general orders:

To My Dear Army: On setting foot on the soil of our dear fatherland, my cradle and the cradle of my ancestors, my heart gives greeting, first to you, the hope of the service, my dear, heroic army. On ascending the throne of my glorious ancestors I also take supreme command of the whole Servian army, which under the leadership of my immortal grandfather, by its virtues and military successes, attounded the whole world, and in the latter war for the liberation of Servia afforded many proofs of its military merit. I feel happy that the supreme command has been entrusted to me.

"Officers, non-commissioned officers and men: At this solemn moment I greet you with these words, 'God be with you, the falcons of the Servian people.'"

"I am happy to see you all united around my throne, imbued with fidelity and loyalty to me and to ideals of our fatherland. I will endeavor to maintain this spirit by judging and estimating each and all of you solely on your military merit. You are all equally dear to me. I only ask that you will devote yourselves heartily to the calling you have chosen and that you will assist me to guide you in the path of honor and glory. 'I therefore, cry: 'Long live the hope of the Servian people—the army.'"

CORNELL VICTOR.

Yale's Feat Over the Thames River Course Duplicated by New Yorkers.

Poughkeepsie, N. Y., June 27.—Varsity four-oared race, two miles: Cornell first. Time, 10 minutes, 34 seconds; Penna second. Time, 1:33 4-5; Wisconsin third, Columbia fourth.

Freshman race, eight-oared, two miles: Cornell first. Time 9:18; Syracuse second. Time 9:22 1-5. Wisconsin third, Columbia fourth, Penna fifth. Varsity race, four miles, eight-oared: Cornell first. Time 18:57; Georgetown second. Time 19:27. Wisconsin third, Penna fourth, Syracuse fifth, Columbia sixth.

These summaries tell the story. The colors of Cornell flashed past the winning post ahead of those of her rivals in all three of the events of the great intercollegiate regatta. Yale's defeat at New London was duplicated before a crowd which milked the banks of the Hudson for miles. Cornell's victories, while decisive, were not gained without a sharp struggle in each case, and in the race for freshman the eight-oared course record was smashed.

This means about \$10,000,000 for the cotton taken here, and \$3,500,000 for what was purchased at New Orleans. The man who made this mammoth deal is W. P. Brown of New Orleans. It is said Mr. Brown and his associates control about 300,000 bales.
